Description	Qty	Rate incl. VAT	Amount incl. VAT
Tensology Commerce Launch platform licence Perpetual, non-exclusive, site-specific operating licence for one branded shop. Includes the reusable storefront, administration, standard commerce workflows, CartonFit 3D, and a copy of the delivered codebase after full payment. The code copy does not transfer intellectual-property ownership.	1	USD 730.00	USD 730.00
Launch implementation allowance 15 hours total. A prepared standard configuration typically uses about 3 hours; the remaining allowance covers connections, testing, coordination, two consolidated revision rounds, template-compliant catalogue import, deployment, and launch.	15 h	USD 51.00	USD 765.00
Subtotal excluding VAT			USD 1,300.00
VAT at 15%			USD 195.00
Total including VAT			USD 1,495.00

Deposit required to commence

50% of the quoted total. The implementation slot is scheduled once cleared funds and required launch inputs are received.

USD 747.50**Second payment**

USD 747.50 before production launch. The live launch proceeds once the balance has cleared and the agreed acceptance checks are complete.

Additional work

USD 51 per hour, VAT included. Work outside the defined package requires written approval before it is performed. Reproducible defects in Tensology's delivered work are not billed.

Third-party provider charges, hosting, domains, merchant fees, courier charges, premium licences, content production, and custom modules are excluded unless they appear as a priced line item in a signed quotation.

What the quoted launch covers

Included

- One branded online shop for one business
- Separate development and production areas
- Supported template or reference-led interface and theme configuration
- Two consolidated visual revision submissions
- Uncapped import from one standard template-compliant source
- One supported payment gateway configuration
- One supported courier integration
- CartonFit 3D setup using supplied product and carton data
- Integration-ready structure for additional documented APIs
- End-to-end testing, deployment, and a user manual
- 90-day workmanship warranty after production launch
- Copy of the delivered codebase after full payment

Not included

- New brand identity, copywriting, or product photography
- Manual data capture or extensive data repair
- New features, alternate design directions, material rework, or custom API integrations beyond the selected connections
- Merchant, courier, hosting, domain, or premium software fees
- Legal, tax, or regulatory advice
- Ownership of Tensology's reusable platform IP

Launch assumptions

Before configuration, the client supplies one complete design brief, a supported template or one reference website, final logos, font choices, brand colours, clear UI direction, usable images, provider and domain access, and catalogue data in the standard import template. Provider approval and API availability sit outside Tensology's control.

Timing and capacity

This quote is valid until 19 October 2026. A date is not held by the quotation alone. The implementation slot is confirmed after the deposit clears and the minimum launch inputs are available. If those inputs are late, the schedule moves to the next available production window.

Acceptance

Signing below confirms acceptance of this quotation, the Licence and Ownership Schedule, the Support and SLA Schedule if selected, and the Commercial Terms supplied with this pack.
